# ORDERING

WE MAKE ORDERING SIMPLE, LEAVING THE HARD WORK TO US!

## STEP ONE

### GO DIGITAL SHOPPING

Explore our digital catalogue which includes Uniform, Literature and Signage. We've not listed everything, just our most popular "best sellers". Let us know if there is anything different you're looking for, as we have over 3000 different garments available through our trusted wholesalers. We're also able to supply you with many other printable items such as **Pens, Mugs, Folded Leaflets, Booklets, Shop Signage, Aluminium Signs, Vehicle Magnets, NCR Pads** and so much more.

## STEP TWO

### SEND US YOUR ORDER

Simply send us your requirements via Email, WhatsApp or Social Media.

 **WhatsApp 07399 428706** or **info.jkprints@gmail.com**

Let us know what you'd like to order; items, quantity, sizes, colours. Include your logo and any additional information, especially for literature such as Flyers. Usually, if you have a website or social media pages, we can take a lot of information from here, to save you the hassle.

Once we receive your order, we will get you set up and generate your invoice, ready for our services...

**...and we will do the rest!**

## STEP THREE

### RECEIVE YOUR DESIGN PROOF

On receipt of your order and then your settled invoice, we will begin your full digital design proof of your personalised artwork. With unlimited proofs, nothing gets passed to the 'print queue' until you're 100% happy to approve your proof (additional information P.3). Once approved, sit back, relax and look forward to your exciting delivery. **Lead times** are typically 1-2 weeks but can vary.

**We are always available should you have any questions.**

## ADDITIONAL INFORMATION

At JK Prints, we specialise in enhancing your brand visibility. When you take pride in what you do, looking the part is just as important. We're experts in making you and your team look the part, with top quality uniform you can trust. Dive into our exceptional range of garment choices, tailored to any occasion, event or workplace. If you can't see what you are looking for, just let us know.

We have over 3000 top branded garments available to us from our trusted wholesalers. Our personalised uniform allows for you to inject a sense of personality among your team, adding your company brand to your chosen colours. Simply choose your garments, size and colour. Send us your order preferences along with your logo, and we will do the rest. We will discuss your requirements with you and send you a full digital design proof before any work is completed – giving you peace of mind before you sit back, relax, and let us do the rest.

Our pricing is calculated per garment, with the addition of your embroidered business logo. Your typical **breast logo is priced at £4** (based on <10 garments / <20,000 stitches) but sometimes 'heavy colour filled' logos with a higher stitch count, are slightly more cost. Breast logos are sized between 8-10cm depending on shape.

Here is a quick example of a standard logo and a 'heavy colour filled' logo comparison. If you're unsure, just ask! We can quickly advise you.

**Breast logo <20,000 stitches**  
**£4.00 or £3.50 for 10+ garments**

**Breast logo >20,000 stitches**  
**£4.50 or £4.00 for 10+ garments**

**ADD back logo** or sleeves. The cost of BACK embroidered logos can be a big difference in cost and based on stitch count. If you require additional embroidery on the back of your garments, or a bigger front chest logo, please send us your logo via email, whatsApp or social media and we can advise your embroidery price point.

**EMBROIDERY PRICE CALCULATIONS ARE AS FOLLOWS...**

# PRICING

## EMBROIDERY COSTS AND STITCH COUNT

### STITCH COUNT KEY

Column headers show the maximum stitch count for that price. For example, <20,000 means logos with less than 20,000 stitches, >35,000 means logos greater than 35,000 stitches.

Our price breaks are available at quantity >10<

	SMALL LOGO (FRONT)		LARGE LOGO (BACK)		colourful/high stitch count
	<20,000	>20,000	<35,000	>35,000	>50,000
QTY 1-9	£4.00	£4.50	£12.00	£16.50	£20.00
QTY 10+	£3.50	£4.00	£6.50	£10.00	£14.00

### EMBROIDERY SET UP FEES

At JK Prints, we charge a single, life time set up fee of £20.00 for your company logo to become 'stitch ready'. This is a chargeable software piece that turns your digital logo into a logo with a stitch and colour count, ready for embroidery. This will remain on file for any future orders you place with us.

# PRINTED UNIFORM

2026 CATALOGUE

# DTF PRINT

## ADDITIONAL INFORMATION

Direct-to-Film (DTF) printing is a versatile, modern digital technique that prints designs with proven methods using a high tech specialist printer. Your print is then directly transferred to our range of recommended garments with our industrial heat-presses set up to 155 degrees. This process produces vibrant, full colour, durable, and detailed transfers that work best on cotton fabric.

DTF has important rules when it comes to after-care. But if followed, your garment will last many washes and hold it's vibrant detail, wash after wash.

DTF however, has a much more flexible design approach than Embroidery, when it comes to branding your new uniform. The print area is much greater than the restrictions we have with the Embroidery machines. DTF allows us to work with the boundaries of the garment and increase the size of your logo accordingly. DTF is perfect for those BIG back logos and contact information on the back of hoodies and t-shirts. Make sure you see our gallery pictures to see some great examples.

Print area sizes are just a guidance and very much depends on your logo shape / size. What this illustrates, is that our size guides are measured to maximise the garment print area, ensuring you value for money, and brand visibility.

### **Our PRINTED UNIFORM includes DTF print with the garment.**

We are happy to print on your own, purchased garments IF they are suitable, new and unwashed. We charge **£8 for a single sided print only / £10 for a double sided print only**. This pricing also applies should you desire Embroidered breast logo and printed back (£8).

# LITERATURE

BUSINESS CARDS – FLYERS – VOUCHERS – TICKETS – POSTERS

In a digital world, nothing stands out more than paper in your hand. It's more than just a piece of paper – it's a first impression, a clear statement that showcases you and your business with intent and pride.

Whether you're launching a small business, marketing your services, pushing your advertising, or selling a new product... handing over a card or flyer says, "This is what I can do for you".

At JK Prints, we provide a print and design service to support your business in getting your message seen. Our business cards and flyers are of an exceptional grade, much better than your market average because we believe quality matters.

Take a look at our competitive price list, and if you're looking for something different (leaflets, letterheads, compliment slips, posters, booklets, NCR pads etc) let us know – I'm sure we can help.

Just send us your order preferences along with your logo, and we will do the rest.

We will discuss your requirements with you and send you a full digital design proof before any work is completed. **We will design your literature, for FREE!**

# CANVA

## SETTING UP CORRECTLY WHEN CREATING PRINT READY FILES IN CANVA

The most important part will be to start your design with the correct size in Canva.

PLEASE NOTE - British sizes differ from American so make sure you choose correctly, look for sizes based on the 'A' series paper size, not the US 'Letter' size! Also, look at the measurement - the A series of paper is in millimetres (mm) not pixels. If you are unsure - see our size guide

There are lots of template designs in many common sizes you can choose from or you can choose a custom size and use the many images and elements that Canva have available (for FREE) to add to your design. (Some templates and elements are not available on the free version)

**IMPORTANT - Adding print bleed (margins)**

Not sure what bleed in printing is? Bleed is ink that prints beyond the trim edge of the page to ensure it extends to the edge of the page after trimming.

In Canva with your design open, go to:

FILE >> MENU >> VIEW SETTINGS >> (tick) SHOW PRINT BLEED

This will then change your view slightly so that there is a dotted line at the page edge. The area outside of this is the bleed area.

**IMPORTANT - Save Your Canva Design as Print Ready Artwork**

If you go to "file" and "download" to open the download setting.

In the window that opens select "PDF Print" in the file type, then click on the "Crop marks and bleed" box to ensure the bleed is included in the pdfs.

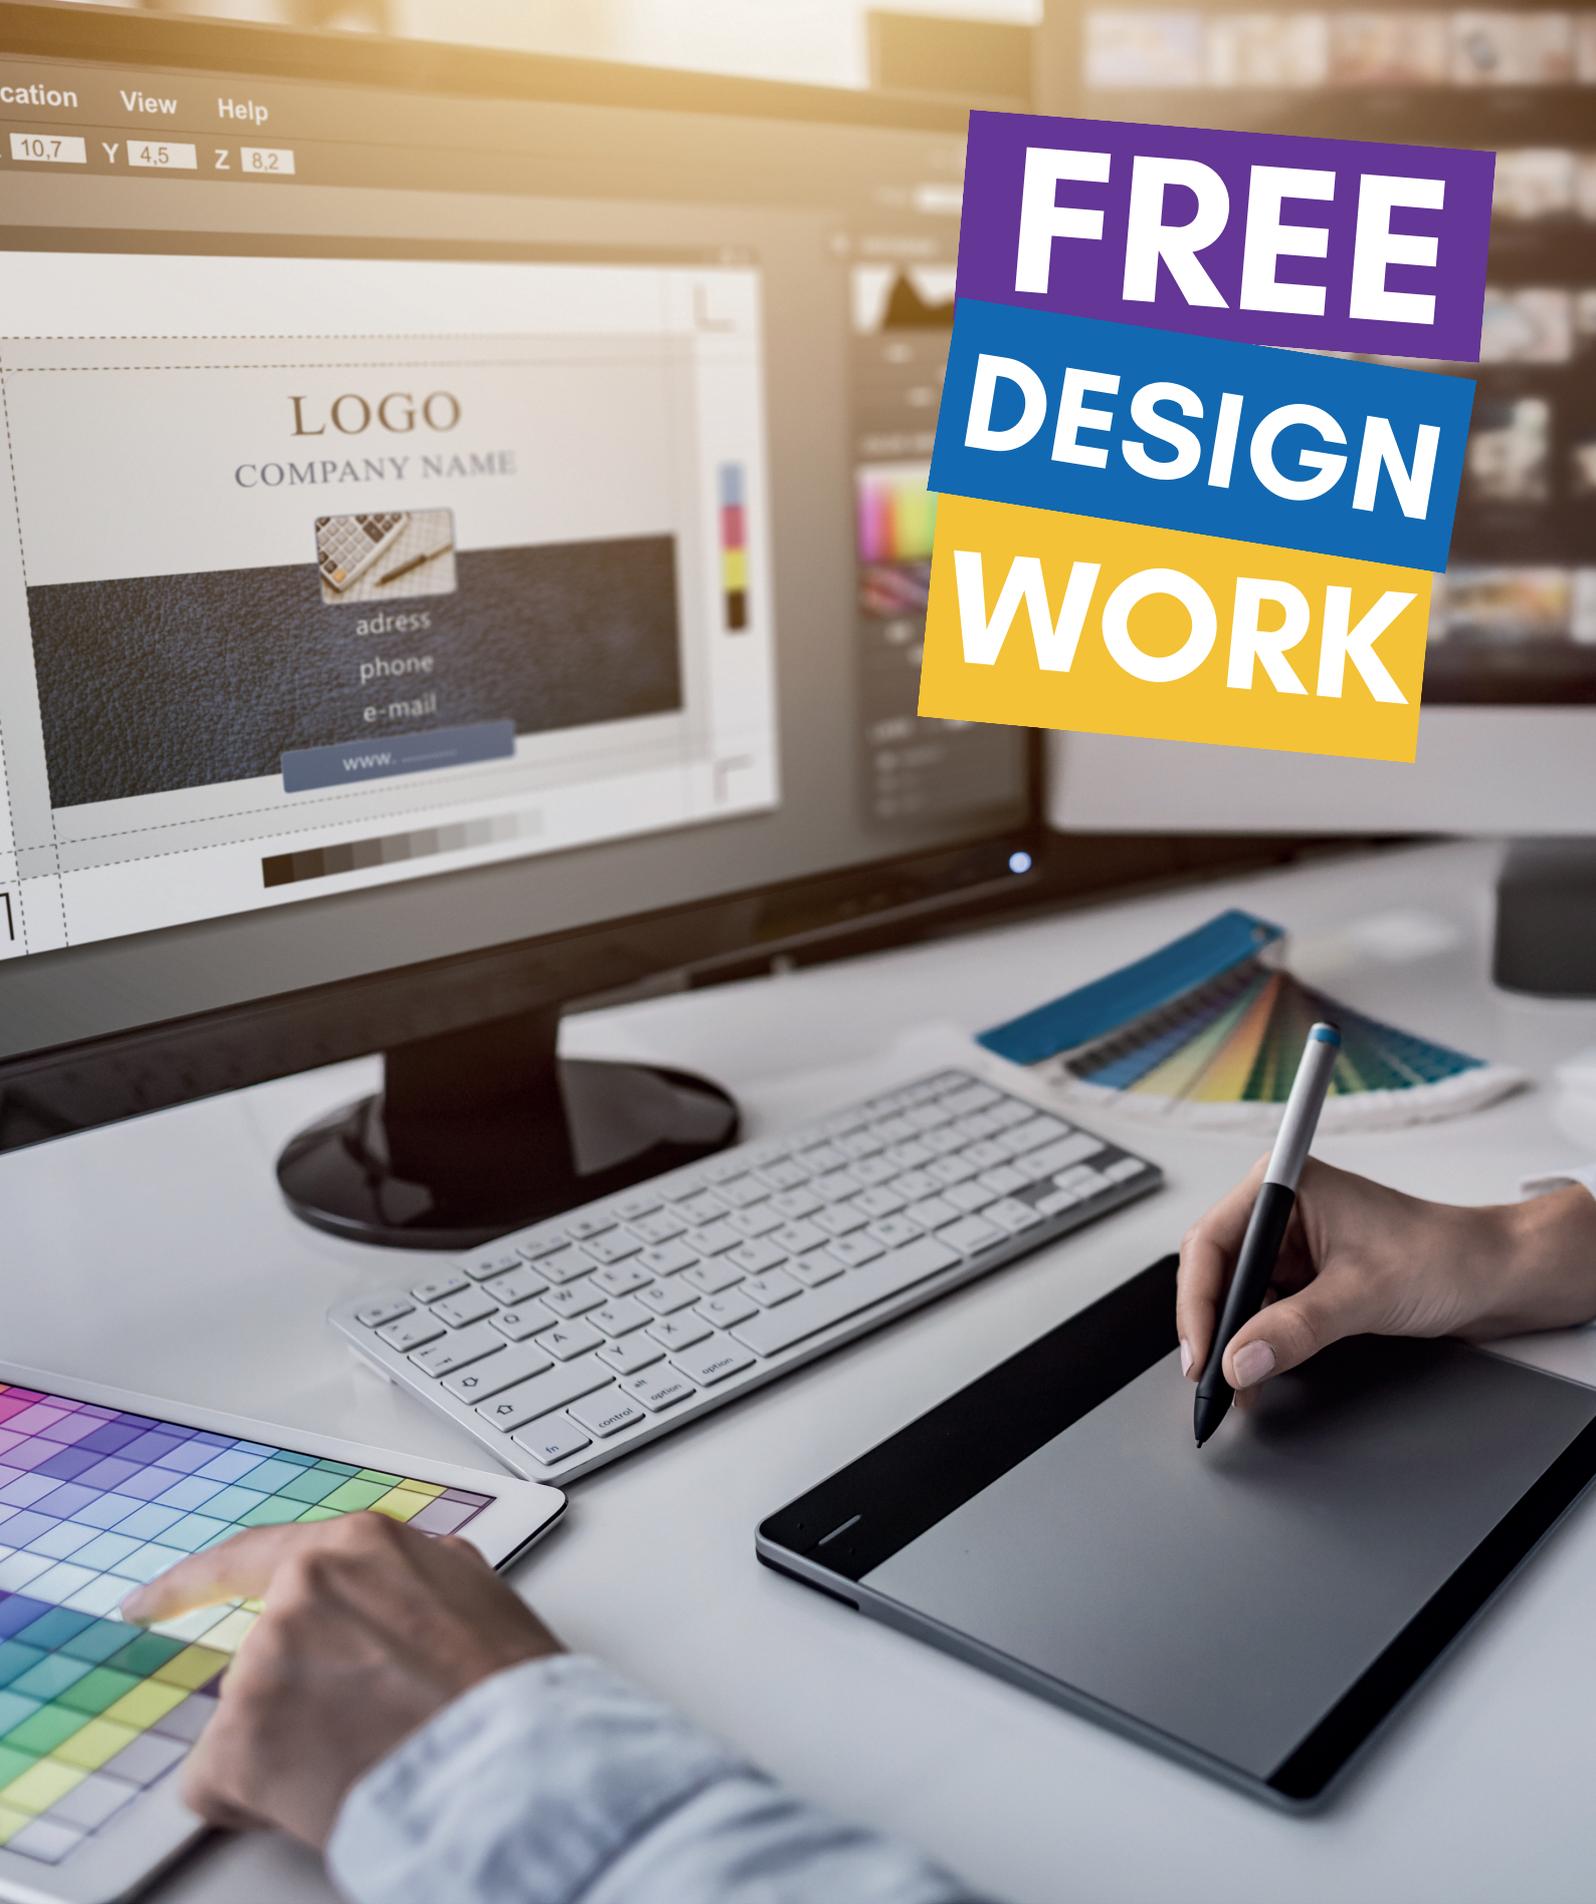

CHANGE "colour profile" from RGB to CMYK for the best quality colour option for professional printing.

This should then create a high-res pdf file with the bleed included.

Please note that any personal, uploaded images or photos that are not "stock images" from Canva, may have poor resolution qualities. It is your responsibility to ensure your images are 'printable'

NOTE: that AI generated artwork, such as 'ChatGBT', is not always ideal for printing.

Once you have done this, simply send us your files along with all the information about the job and we will print it for you!
